Subject:

Hazardous Materials Refresher

The successful completion of the First Responder Hazardous Material Operations Level Refresher is required for **all** operational and uniformed administrative employees of the D. C. Fire and Emergency Medical Services Department.

This course is assigned in the Target Safety Learning Management System (LMS) and consists of four (4) modules. All Division Commanders shall ensure compliance with this directive by December 31, 2013.

Please address any questions to the Administrative Captain assigned to the Training Academy on 673-3251.

Kenneth B. Ellerbe
Fire & EMS Chief
